- critically reflect on and discuss the strengths and limitations of specific methods for problems related to research about sustainable communication
- critically assess ethical considerations and implications in research about sustainable communication with a focus on the chosen field of research in the master's thesis

Innehåll

- Philosophy of science
- Quantitative research methodology
- Qualitative research methodology
- Relationship between theory and method
- Research plan
- Research ethics

Undervisningsformer

The teaching consists of lectures, seminars and exercises performed individually and in groups.

A learning management system is used.

Students who have been admitted to and registered for a course have the right to receive instruction/supervision for the duration of the time period specified for the particular course instance to which they were accepted. After that, the right to receive instruction/supervision expires.

Undervisningen bedrivs på engelska.

Förkunskapskrav

Passed second-cycle courses of at least 15 credits within the major subject in Media and communication Sciences.

Examination och betyg

Kursen bedöms med betygen A, B, C, D, E, FX eller F.

The grades A, B, C, D and E are all passing grades. For courses with more than one element of examination, students are given a final grade based on an overall assessment of all the elements included in the course.

The examination is based on the intended learning outcomes.

The course is examined through a individual written assignment. The individual written assignment is graded with A/B/C/D/E/FX or F.

The examination must allow for students to be assessed on an individual basis. Further information concerning assessment of specific intended learning outcomes and grading criteria is provided at the beginning of the course.

To receive the final grade of the course the individual written assignment must have been passed. The final grade of the course is determined by the grade given to the individual written assignment.

Students are guaranteed a minimum of three attempts to pass an examination, including the regular attempt.

If a student has failed the same examination three times, the student can request that the next attempt be graded by a new examiner. The decision to accept or reject such a request is made by the associate dean of education. A student may not make a second attempt at any examination

already passed in order to receive a higher grade.

In case a course is terminated or significantly altered, examination according to the earlier syllabus shall be offered on at least two occasions in the course of one year after the termination/alteration.

The examiner has the right to give an adapted examination or let the student carry out the examination in an alternative way provided that the intended learning outcomes can be secured and that there are exceptional reasons for this, including the student's right to targeted study support.

Poängregistrering av examinationen för kursen sker enligt följande system:

Examinationsmoment	Omfattning	Betyg
Individuell skriftlig inlämningsuppgift	7,5 hp	A/B/C/D/E/FX/F

Kursvärdering

The instruction is followed up throughout the course. A course evaluation is conducted at the end of the course. A summary and comments are published in the learning management system.

The evaluation constitutes a basis for future improvements to the course.
