**Type of instruction**

The course combines classroom-based seminars, lectures, workshops, and student presentations. Instruction will also be supplemented with web-based instructional platforms.

Students who have been admitted to and registered on a course have the right to receive instruction/supervision for the duration of the time period specified for the particular course to which they were accepted. After that, the right to receive instruction/supervision expires.

The teaching is conducted in English.

**Prerequisites**

General entry requirements and a bachelor's degree (i.e. the equivalent of 180 ECTS credits at an accredited university) within behavioral science, social work, educational sciences, or related field, including independent, theoretical-based work, i.e. a thesis or equivalent. The applicant must also have a minimum of one year experience working in supervised early childhood education and/or care settings (e.g. preschool, kindergarten, elementary school, daycare). Also completed courses The growth and development of the Swedish preschool: from social policy to educational policy, 10 credits, Preschool educational/didactical perspectives focusing on play, exploration and learning, 10 credits, and Systematic documentation, analysis, evaluation and leadership in preschool, 10 credits, and at least 15 passed credits from the first semester of the programme, or the equivalent. English proficiency is required. Exemption is granted from requirement in Swedish.

**Examination and grades**

The course is graded A, B, C, D, E, FX or F.

The grades A, B, C, D and E are all passing grades. For courses with more than one examination, students are given a final grade based on an overall assessment of all examinations included in the course. The final grade of the course is issued only when all course units have been passed.

The examination is based on instruction and course literature.

The examination must allow for students to be assessed on an individual basis. Students may not make a second attempt at any examination (or element of examination) already passed in order to receive a higher grade. Further information concerning assessment and grading criteria is provided in a study guide distributed at the beginning of the course.

Students are guaranteed a minimum of three examination occasions, including the regular occasion. If a student has failed the same examination three times, the student is entitled to request that the next examination is assessed and graded by a new examiner if possible. The decision to accept or reject such a request is made by the vice dean of education.

In case the course is terminated or significantly altered, examination according to the present course syllabus shall be offered on at least two occasions in the course of one year after the termination/alteration.

Evaluations in the course will be based on the following exams:

1. Quantitative methods – individual written assignment (1 credit) Grading: C/FX/F
2. Qualitative methods 1 – individual written assignment (2.5 credits) Grading: C/FX/F
3. Qualitative methods 2 – individual written assignment (2.5 credits) Grading: C/FX/F
4. Methodological Framework – individual written assignment (4 credits) Grading: C/FX/F
5. Research Design and Proposal – individual written assignment (5 Credits) Grading: A, B, C, D, E, FX or F.

Registration of examination:
